

# REBOOKING ISE 2021

TUESDAY  
**11 FEB**  
15:00-17:45

WEDNESDAY  
**12 FEB**  
09:00-17:45

THURSDAY  
**13 FEB**  
09:00-17:45

FRIDAY  
**14 FEB**  
09:00-15:45

## HOLLAND LOUNGE

BETWEEN HALL 13 AND ENTRANCE C (HOLLAND ENTRANCE)

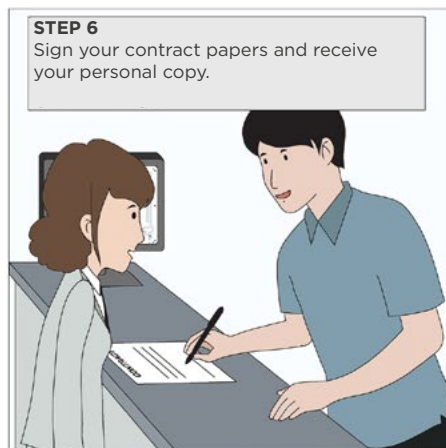

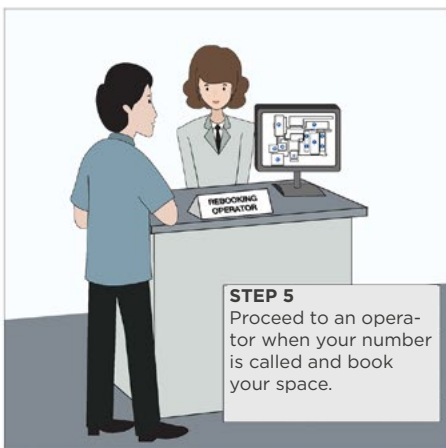

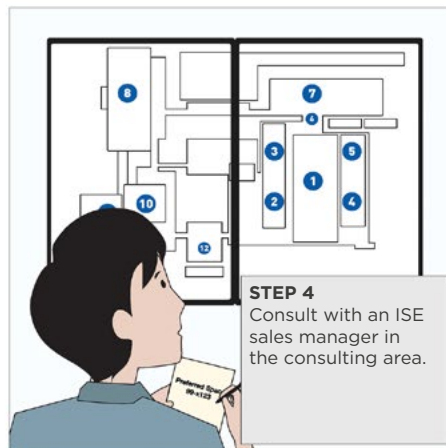

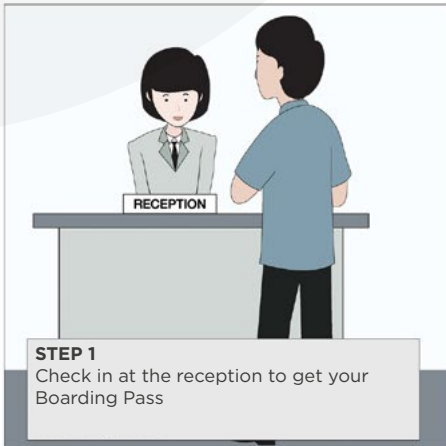

integrated  
systems  
europe

2-5 FEB 2021 • BARCELONA

[WWW.REBOOKING.ORG](http://WWW.REBOOKING.ORG)

# Rebooking

in six easy steps.

## Additional services

**AVIXA Membership**  
Please check your AVIXA Membership status at the AVIXA Desk in the rebooking area.

**Call Service**  
We offer a telephone call-back to exhibitors in the event that the rebooking process may run behind schedule. If you would like to get back to your booth, please leave your mobile number at the reception.

**Shell scheme**  
Exhibitors should express their need for a shell scheme option to the booking operator.

**Online Floorplan**  
Find the current version of the floorplan online at [www.rebooking.org](http://www.rebooking.org)

**Currently Served Number**  
[www.rebooking.org](http://www.rebooking.org) also shows the currently served priority position.

**Booth Drop**  
A booth drop of the complete rebooking package will be carried out on the first day of the exhibition.

## Dear ISE Exhibitor

Moving to Barcelona represents a new era for Integrated Systems Europe. The Fira - Gran Via is a modern exhibition venue designed to comfortably accommodate the biggest events. We now have more space on the show floor, the ability to locate everyone within their preferred Technology Zones, and a greatly increased number of rooms for meetings or product demonstrations.

However, as welcome as these new features are, they are far from the end of the story. Our new home enables us to offer you a greatly expanded suite of opportunities to reach, engage and delight your customers and prospects.

ISE remains the essential destination for the global AV industry. It has always been more than just an exhibition. But these new opportunities will enable ISE to become a richer, more fulfilling experience for the whole industry.

Thank you for your continued support. We look forward to meeting you at our Rebookings during ISE.

Sincerely,

Mike Blackman  
Managing Director  
Integrated Systems Events

## Five Tips for Rebooking

To make the most out of your experience at Rebooking please consider these helpful top tips:

- 1) Ensure you are clear which Hall best suits your core business offering - this way you will ensure that you are able to reach your target audience at the show.
- 2) Check the availability of spaces on the live floorplan published at [www.rebooking.org](http://www.rebooking.org) before you go to Rebooking as spaces are constantly changing throughout the Rebooking process.
- 3) Plan ahead what space requirements you will need for 2021 and what your stand dimensions may need to be, i.e. one, two or three sides open or whether you require an island booth (open all sides).
- 4) Try and select three booth positions before rebooking and identify your 1st, 2nd and 3rd options. Hopefully you will secure your first choice but it is advisable to come prepared for your second best alternative in case your booth is no longer available.
- 5) The Fira, Gran Via Barcelona venue has very different technical and build specifications to the RAI. Please ensure you have familiarised yourself with this information in the brochure as it may affect your decision where you locate your booth in 2021.

## Rebooking Times

You can get 'live' status updates on rebooking at the show at [www.rebooking.org](http://www.rebooking.org)

| Time          | 11 February (Tue) | 12 February (Wed) | 13 February (Thu) | 14 February (Fri) |
|---------------|-------------------|-------------------|-------------------|-------------------|
| 09:00 - 09:45 |                   | 51 - 85           | 351 - 395         | 731 - 785         |
| 10:00 - 10:45 |                   | 86 - 120          | 396 - 440         | 786 - 840         |
| 11:00 - 11:45 |                   | 121 - 155         | 441 - 485         | 841 - 900         |
| 12:00 - 12:45 |                   | 156 - 190         | 486 - 530         | 901 - 960         |
| 13:00 - 13:45 |                   | Break             | Break             | Break             |
| 14:00 - 14:45 |                   | 191 - 230         | 531 - 580         | 961 - 1030        |
| 15:00 - 15:45 | 1 - 15            | 231 - 270         | 581 - 630         | 1031+             |
| 16:00 - 16:45 | 16 - 30           | 271 - 310         | 631 - 680         |                   |
| 17:00 - 17:45 | 31 - 50           | 311 - 350         | 681 - 730         |                   |

# Floorplan preview

For an up-to-date version of the floorplan visit [www.rebooking.org](http://www.rebooking.org)

## Where is rebooking for ISE 2021 taking place?

The rebooking area for ISE 2021 is located in the Holland Lounge. You can reach it via Entrance C. Go upstairs and turn towards Hall 13. See map on the above for a graphical representation where the rebooking area is located.

## AVIXA Member rates

Please note that AVIXA Members must have the right membership level to receive the member rate, depending on the total booth size:

Up to 50sqm - **Bronze Level**  
 51 - 150sqm - **Silver Level**  
 151sqm+ - **Gold Level**

Your current Avixa membership level is displayed on your boarding pass. For questions, and to update your membership level, see the AVIXA desk in rebooking.

# Which hall is best for you

## Unified Communications - Hall 1

Showcase your latest UC products and solutions designed for this dynamic market sector. Whether you provide equipment or software for multi-site businesses, boardrooms or offices with the latest in communications and collaboration technology our fastest growing hall is the perfect tech zone.

## Residential - Hall 2

Supported by CEDIA, this is the place for solutions and home automation. Residential solutions and the associated technologies area are fundamental, core element of the show. Your booth will be where attendees can discover the real-world benefits of home entertainment, building automation and energy management systems in a residential environment.

## VR/AR/XR - Hall 2

Immersive and experiential solutions are high on demand whether in gaming, entertainment or education. This zone is dedicated to showcasing those businesses that are at the cutting edge of software and hardware technology.

## Education Technology - Hall 2

AV technology is helping to drive innovative teaching practices. For educational institutions, businesses, private tutors and professional development specialists, ISE provides a dedicated hall for businesses showcasing their latest technology derived educational tools and solutions.

## Smart Building - Hall 2

Dedicated zone for manufacturers, suppliers and integrators, covering a range of technologies, including: air conditioning, lighting and shutter control, security systems, heating, ventilation, monitoring, alarming, water control, energy management, metering, audio and household appliances.

## Generic - Hall 3 & 5

As technology converges so do the supply of products and services of ISE's exhibitors. These halls are designed to showcase multidisciplinary solutions from exhibitors to our audiences across more than one specialist sector.

## Digital Signage & Digital Out Of Home - Hall 6

Retail, transportation, healthcare, corporate, education, leisure, and hospitality sectors are just some of the areas where digital signage plays a significant role in today's corporate and consumer worlds. Showcase your business in the world's largest tech zone dedicated to this growing marketplace.

## Live Events & Lighting - Hall 7

A dedicated hall (with dimmed lighting to maximise the experience) for technologies and suppliers within entertainment, shows and events, audio-visual systems and content creation. The perfect place to exhibit for lighting technology, projectors, spotlights and control systems for stage, theatre and stadia to name just a few specialist areas.

## Broadcast - Hall 7

Our newest dedicated zone. As technology evolves across the AV market, we are seeing the use of software and hardware cross new sector boundaries especially in live events. Demand for broadcast solutions is growing at ISE so if you specialise in live streaming, monitors, editing, control systems or the broadcast supply chain then this hall is where you need to be.

## Pro Audio - Hall 8

For suppliers and manufacturers working in high quality, audio equipment whether it is microphones, headphones, consoles or loudspeaker systems this hall is the showcase for entertainment and technology.

# How to get your rate

First, have a look at the floorplan in the centre of this brochure. You will find Yellow, Purple and Green areas on the plan which indicate if a booth is in Area A, B or C. Then note your booth configuration (see chart below). Choose the right price matrix for you at the bottom of the page depending on if you are a Member of AVIXA and/or CEDIA, or if you are a founding exhibitor, During rebooking, you will be eligible for the 'Early Bird' rate. After 30 April, regular prices apply. Founding exhibitors have the same price all year round.

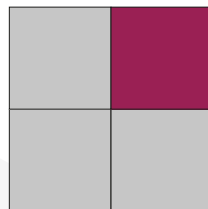

As of this year, please note that AVIXA Members must have the correct membership level to receive the member rate, dependent upon the total booth size: Up to 50m<sup>2</sup> Bronze Level is required, 51 - 150 m<sup>2</sup> will need Silver Level and 151m<sup>2</sup> or more must have Gold Level. You can check and/or update your membership level at the AVIXA desk in rebooking.

# Build-up, show days and breakdown for ISE 2021

Compared to ISE 2020 at RAI Amsterdam, there will be a few changes to the build-up/breakdown schedule.

- Two Early Build-Up days added: Sunday & Monday (24 & 25 January 2021)
- Regular build-up now starts on Wednesday (27 January 2021)
- All stands need to be finished on Sunday at 18:00 before the show (31 January 2021)
- Only fine tuning of equipment and decoration is allowed on the day before the show opens (Monday, 1 February)
- Standbuild is no longer allowed on Monday before the show
- Building overnight is possible if approved by Fira. Fees will apply

## Build-up

|                    |             |   |
|--------------------|-------------|---|
| 24.01. - Sunday    | 08:00-00:00 | Early Build-up (Available on request from ISE)  |
| 25.01. - Monday    | 08:00-00:00 | Early Build-up (Available on request from ISE)  |
| 26.01. - Tuesday   | 08:00-00:00 | Early Build-up (Available on request from ISE)  |
| 27.01. - Wednesday | 08:00-00:00 | Build-up all space-only exhibitors/contractors  |
| 28.01. - Thursday  | 08:00-00:00 | Build-up all space-only exhibitors/contractors  |
| 29.01. - Friday    | 08:00-00:00 | Build-up all space-only exhibitors/contractors  |
| 30.01. - Saturday  | 08:00-00:00 | Build-up all space-only exhibitors/contractors<br>Removal of all stand-fitting cases                          |
| 31.01. - Sunday    | 08:00-18:00 | Build-up all space-only exhibitors/contractors<br>Decoration of shell scheme stands<br>Removal of empty cases |

### Breakdown

|                   |               |                             |
|-------------------|---------------|-----------------------------|
| 05.02. - Friday   | 16:00 - 19:00 | Removal of Hand Carry Goods |
|                   | 19:00 - 00:00 | Dismantling of stands       |
| 06.02. - Saturday | 08:00-00:00   | Dismantling of stands       |
| 07.02. - Sunday   | 08:00-00:00   | Dismantling of stands       |
| 08.02. - Monday   | 08:00-18:00   | Dismantling of stands       |

## Saturday 30 January

All stand-fitting empty cases must be labelled and ready for collection by 14.00 at the latest.

## Sunday 31 January

The following activities must be finished by 18:00 hours:

- Vehicle movements
- Collection of empty cases and toolboxes
- Movement of forklifts, cherry-pickers, cranes and movable platforms
- Rigging, securing of safety chains
- Working at height

This is in order to ensure a safe working environment on the day before the show opens for attendees while there will be a considerable amount of exhibitor staff present within the halls.

## Monday 1 February

The following activities are allowed until 17:00 hours:

- Fine tuning of equipment
- Decoration of the stand
- Cleaning
- Training of stand personnel

# European Consolidation Points

Our logistic partner for ISE 2021 will again be CEVA Showfreight. They will maintain the same costs as for ISE 2021. To help all exhibitors with additional costs in terms of the difference in traveling distance between Amsterdam and Barcelona, CEVA has come up with a number of 'European Consolidation Points'. These are strategic consolidation points based throughout Europe, arranged by CEVA Showfreight, so that goods destined for ISE can then travel together directly to the FIRA saving exhibitors money and avoiding multiple handling of shipments and thus reducing the risk of damages. For more information of your nearest consolidation point please and prices email: [paul.strachan@cevalogistics.com](mailto:paul.strachan@cevalogistics.com).

# Building Rules & Regulations

For ISE 2021 there will be different Building Rules and Regulations. These documents together with the rigging information will be available from April 2020. The information will also be communicated in the ISE Monthly Update in April. In case there are specific questions regarding rigging, there is a team ready for you at Fira de Barcelona which can be contacted via [ise@firabarcelona.com](mailto:ise@firabarcelona.com).

More detailed information regarding specific halls can be found here:

Gran Via Barcelona Downloadcenter: [bit.ly/BCN\\_download](https://bit.ly/BCN_download)

Online Overview, 360° Views etc.: [bit.ly/BCN\\_venue](https://bit.ly/BCN_venue)

For building within the meeting rooms only the dedicated preferred FIRA suppliers can be used. It is not allowed, under any circumstances, to make use of your own stand build or stand builder.

# Rebooking Rules and Regulations

- 1** Only exhibitors of the current ISE edition are eligible to book space for the next ISE edition before 31st March.
- 2** Allocation of booths: The allocation of booths will be carried out strictly according to the ranking list. If an exhibitor appears later than his allocated ranking number he can go right away to the entrance of the operator area after passing the check in. Bookings are only possible from the available space at that time. Already booked booths of other companies, even with a lower rank, cannot be overridden. Where multiple firms have the same number of Priority Points, determination of the ranking for space selection has been made by sorting computer-generated random numbers assigned to each firm.
- 3** Confirmation of your ISE 2021 exhibit space selection and an invoice for your 20% exhibit space deposit will be sent to you on or before 31 March 2020. Continuation of your ISE 2021 priority exhibit space assignment is contingent upon ISE Show Management's receipt of your deposit payment by 31 March 2020. If we do not receive your deposit by 31 March 2020, your company shall lose its priority exhibit space selection and must reapply for another available space. Space assignments will only be guaranteed with a minimum of 20% deposit of the total exhibit space cost. Please refer to the ISE Show Rules and Regulations for further details.
- 4** Pre-selected spaces: those spaces have to be signed by the respective agreement in advance of the priority space selection. Should an exhibitor miss to confirm the pre-reserved space in time the space may be taken over by one of the following exhibitors, even if they rank lower on the priority list.
- 5** Exhibit space within the area marked "No Redraw" on the floor plan can neither be altered nor combined. No other placements are allowed when booking a booth in such an area.
- 6** Island stands for 2021 must be a minimum size of 120sqm. Any customer in 2020 who currently has an island stand smaller than 120sqm, will be approved at the discretion of ISE. For the 2022 show there will be no exceptions to this rule.
- 7** Features/Specific areas: Please note that exhibitors can only book booths in areas which are relevant to their trade (e.g. exhibitors located in the Residential area must present and offer residential products, same with Digital Signage etc.). ISE reserves the right to reject requests and/or cancel contracts conflicting with this condition.
- 8** If an exhibitor requires to rent a space within an island the minimum size is 25% of the total island space. Placement is at the discretion of the operator. The booking must leave a feasible booth size and shape for further renting. Minimum space sizes may get adjusted at ISE's discretion.
- 9** Due to the nature of the priority points system, exhibitors may not be able to book the same space they had in the last edition.
- 10** Bookings of more than 3 booths is not permitted. Customers are strictly forbidden to re-sell space to other customers unless they are proven to be a co-exhibitor. Failure to follow these guidelines could prevent your organisation from attending future shows.
- 11** Booking slot: Each exhibitor has a dedicated time slot in which to execute their booking. In the event that you do not complete your booking during this period, you must leave the booking area and enter the loop again when you are ready to book.
- 12** Only up to 3 people per company are allowed to enter the operator area.
- 13** There are no cellphones allowed in the booking area, if you need to make a phone call, please leave the booking area and reenter when you are ready.
- 14** Exhibitors who are not exhibiting for 3 consecutive years will lose all priority points previously earned.
- 15** Founding Exhibitor Status: To be eligible the company has to be the original founding exhibitor from 2004. This status is not transferable by merger or acquisition etc.. In addition, to retain founding exhibitor status, the company has to have participated at every ISE show.
- 16** Exhibitors do not have the right to determine the contents or exhibitors of their neighboring booths or any other booths at ISE except their own.
- 17** If your company wishes to move or re-size after rebooking, it will be considered on a case-by-case basis by ISE Show Management following ISE 2020. A waiting list for such requests will be available during rebooking. It is your responsibility to see that your company submits a waiting list form if you desire to move or re-size after your priority space selection has been made.
- 18** Association Membership: Memberships of AVIXA and CEDIA are recognised by ISE as long as the contract is still valid. It doesn't matter in which country the membership contract was signed. Membership contracts have to be signed before the ISE booking. Should you have any questions about membership or want to become a member, please get in touch with your local AVIXA or CEDIA representative.
- 19** AVIXA Members must have the right membership level to receive the member rate, depending on the total booth size: Up to 50sqm Bronze Level, 51 - 150sqm Silver Level and 151sqm or more Gold Level.
- 20** No handwritten notes are accepted on the contracts.
- 21** The Official ISE Contract Terms and Conditions, the Show Rules and Regulations (including the cancellation policy) and the Exhibit Space Rate Schedule are also part of your contract.

# ISE Exhibitor Priority Points Policy

Integrated Systems Events is using the Priority Points system adopted since ISE 2005 and will be using this to ascertain the order of priority for all ISE Exhibitors in choosing booths for the next show. This policy has been updated for the 2021 show.

## **Accruing points**

Exhibiting companies can accrue priority points through the following two methods:

### **Method 1:**

Exhibiting companies earn Priority Points per participation on the following basis:

- 5 points for participation as an exhibitor at Integrated Systems Europe
- 5 points for being a member with CEDIA or 5 respectively 10\* points for being a member of AVIXA depending on membership level (5 points for Bronze or Silver level, 10 points for Gold level)
- 1 point per 2.600 EUR spent with ISE, regardless if it is for booth space or sponsorship, meeting room, shell scheme etc.

### **Example:**

An ISE exhibitor who participated in ISE (5 pts) who is also member of CEDIA (5 pts) and who spent a total of €5.200 with ISE (2pts) will have earned 12 Priority Points.

\*New for ISE 2021

### **Method 2:**

Exhibiting companies can earn Priority Points through the acquisition/purchase of other exhibiting companies. The greater of the two Priority Point totals of the merged companies is used and the lower of the two Priority Point totals is forfeited.

### **Example:**

XYZ Company who had 15 Priority Points purchased ABC Company who had 20 Priority Points. The newly merged ABC-XYZ Company now has 20 total Priority Points that will apply towards its Priority ranking for the next ISE edition.

### **Please note:**

If such an acquisition/purchase of a exhibiting company occurs, the purchasing company must notify ISE Management in writing (with supporting documentation of the purchase) at least sixty (60) days prior to the opening of the current year's Show to request that the higher of the two companies' Priority Points be used for space selection for the following year's Show.

In the case where both companies will continue to exhibit at future ISE Events, the purchasing company will control the use of the Priority Points and the purchased company's booth space must be contracted by and identified as a division of the purchasing company. Such a combination of Priority Points may occur only once and the points acquired will remain under the control of the purchasing company.

### **Example:**

Sometime in the future, XYZ Company sells ABC Company (or ABC Company wishes to act independently of XYZ Company), who in turn wishes to participate as an exhibitor at ISE. ABC Company is no longer entitled to the Priority Points they earned by exhibiting at ISE. ABC Company will be considered a first-time exhibitor at ISE without any accumulated Priority Points.

## **Additional Priority Point Rules**

The total number of Priority Points accrued by each ISE exhibitor determines the exhibitor's Priority Number or "Priority Ranking." These Priority Numbers are recalculated each year, thirty days before the start of each exposition, and are used by ISE Management to assign booth space at the Priority Booth Selection for the following year's Show.

Current exhibitors and companies who have exhibited in the previous year's shows are ranked according to accumulated Priority Points and are listed both in descending order of Priority Rank Number and alphabetically in the Priority Points Roster which is published and distributed to each exhibitor in their ISE Priority Booth Selection Package. The "Priority Package" documents are made available prior to the Show online at [www.rebooking.org](http://www.rebooking.org), are mailed to exhibitors and are also distributed at Show-site to each exhibitor's booth. Priority Packages are available at the Show Management Office prior to the Priority Booth Selection.

# ISE Exhibitor Priority Points Policy

## **Large Exhibit Space Pre-Assignment:**

Show Management has “pre-drawn” exhibit booth spaces for the Top 150 ranking positions in order of Priority Number and stated preference (where possible). A draft floor plan for the next ISE will be submitted to such exhibitors in advance of the Priority Booth Selection for confirmation of booth size and location. Upon confirmation of these pre-assigned booths, a final Priority Booth Selection Floor Plan will be printed and distributed to all current exhibitors as indicated in the previous paragraph. Exhibitors with such pre-assigned exhibit booth spaces will remain responsible for completing an exhibit space contract and adhering to all exposition rules and regulations as set forth in the Priority Package.

Priority Numbers may also become a deciding factor in the resolution of disputes between two or more exhibitors and whenever a dispute arises pertaining to exhibit space usage. Use of Priority Numbers in resolving such disputes is solely at ISE Show Management’s discretion and shall be reviewed by the ISE Exhibitor Advisory Committee.

## **Consolidated booking:**

In cases where multiple companies/brands are owned or acquired by a common parent company/owner (regardless as to whether such parent company/owner is privately held or is a publicly traded company), Priority Space Selection for such exhibitors may be conducted in one of the following ways:

1. Individual Company Brands maintain their own exhibit booth spaces on the Show floor (in adjacent or separate locations):
  - a. The existing Priority Points held by each individual company brand will remain with the respective brand.
  - b. Exhibit booth space selection will be made by each brand’s priority point rank.
  - c. Separate contracts will be made by each brand for its individual exhibit booth space on a brand by brand basis.
2. Brands consolidated into a single exhibit booth space:
  - a. The highest priority point total of the consolidated brands will be used for priority space selection.
    - i. Once consolidated, the parent company or brand with the highest priority points of the consolidated brands will earn the priority points for its entire brand collective. Should any of the consolidated brands be divested, sold or otherwise choose to contract exhibit booth space independent of the parent company in the future, the priority points earned by such separated brand prior to consolidation will remain with the parent/brand. The brand or brands that are split off will start with 0 points and continue to acquire priority points moving forward under the Show’s policies.
  - b. The consolidated single exhibit booth space must conform to the Show’s rules, including:
    - i. A single consolidated exhibit booth space may not cross a safety aisle as indicated on the Show floor plan.
    - ii. Should the consolidated single exhibit booth space design have internal aisles to create separation between brands, the space used for such aisles will be considered part of the exhibit booth space and will be treated as paid exhibit space at the applicable Show exhibit space rate.
    - iii. In the case where one or more brands within the consolidated group desire a separate exhibit space located away from the consolidated exhibit booth space or common brand pavilion (e.g. audio brand wishes to occupy exhibit space within the audio pavilion and the rest of the consolidated brands have a common pavilion of brands in the general exhibits area of the Show floor), such brand(s) may select space at the individual brand’s priority rank.
  - c. In the case of a single common exhibit booth space such space will be assigned under one contract and the individual brand names will be listed in the Show Guide and Exhibitor Listings as provided for by the Show’s rules.
    - i. In the case of a single consolidated exhibit booth space, the contracting parent company/brand name will be used to indicate the exhibit booth space location on the Show floor plan.
    - ii. In the case of multiple exhibit spaces in separate locations on the Show floor, each individual brand name will be used to indicate the individual brand’s exhibit booth space location on the Show floor plan.

## **Questions?**

Any questions and or comments regarding the above policy may be directed in writing to George Buckingham, Director of Sales, [gbuckingham@iseurope.org](mailto:gbuckingham@iseurope.org)

# Priority List

## sorted by Rank
